

# Healthy School Student Team

## News to share with your classroom

### November

**1** Remember last week when we collected all that leftover Halloween Candy for Operation Gratitude? Well we collected SO much that local dentists gave our school MONEY! We raised over \$600 dollars! Our Fuel up to Play 60 Team will use these funds for healthy changes around the school! Less sugar in our bodies - and money for the school - everybody wins!

Next Wednesday, the last before Thanksgiving break, we will have a special Turkey Trot planned for Mileage Club. Hint...not only will you get those wiggles out but you will help those in need!

**3** Who can tell me the classroom that ALL kids attend EVERY day? That's right, the CAFETERIA! Our Team has been working on a mini-makeover that will happen soon in the cafeteria and we need YOUR help. The next time you are in STEM class, you will be asked to VOTE on the NEW name of the cafeteria. Thank you for your VOTE!

***Let's all FUEL UP to PLAY 60 and be ready to learn!***
